

10 Steps to Unlocking Your Financial Dreams

START

1

The 3 Money Bags

1 Pay bills & Support Family

2 Savings for rainy days

3 Investments

DO NOT cross dip, unless emergency

2

Create an Investment Plan

Set goals & plan to achieve them

Have exit prices for both loss and profit

Review and refine your plans regularly

3

Knowledge Is Power

Attend a Live event to hear how you can apply these rules to your trading and investing journey

Register at www.maybank-ke.com.sg

4

Emotional Control

Never get too attached to your investments

Sell when they do not fit your plan any longer

The Market is always RIGHT

7

Cut Losses Fast & Let Profits Run

Let your profits run to maximise returns

Cut losses fast to preserve your capital for another trade

Stay out when market conditions are not favorable

6

Do Your Homework

Never invest in something you do not understand

Keep records of all investments

Evaluate and adjust investments according to how well they meet your goals

8

Dollar Cost Averaging

Invest regularly with fixed amounts

You will have a statistical edge to even out the market's volatility

9

Stay Relevant

Keep in touch with the world around you

Stay tuned to macro themes as these may affect your investments

10

Stay The Course

It's a journey, not a race
Your investment strategies need time to work

Always keep sight of your goals, plans and performances
